WELCOME TO

AUMDC

Abu Umara Medical & Dental College is a constitucnt College of Green Intemational University with a vision to create ethical and competent healthcare professionals ready to take challenges and provide state-of-the-art healtheare management. The campus of the college is purpose-built in an cight-storied ultra-modern building with the latest facilities. The learning resource center consists of a Library and fully air-conditioned two computer labs with two hundred latest computer workstations to cater to the research and educational needs of the students and the faculty. The college has fully equipped laboratories and museums with advanced instruments and models for the pragmatic teaching of medical students. AUMDC has its own teaching hospita located adjacent to the college campus. At AUMDC, we believe in developing and moulding students' lives by providing them with a comfortable environment and competency-based learning opportunitics. Our goal is to teach students the most up-to-date healthcare education & community-based practice and prepare them to work not only in Pakistan but to also serve humanity worldwide.

VISION & MISSION

SHAPING BETTER HEALTHCARE TOMORROW

VISION

TO CREATE ETHICAL AND COMPETENT HEALTHCARE PROFESSIONALS READY TO TAKE CHALLENGES AND PROVIDE STATE OF THE ART HEALTHCARE MANAGEMENT.

MISSION

TO PROMOTE QUALITY HEALTHCARE EDUCATION & COMMUNITY BASED PRACTICE, TARGETING NATIONAL & INTERNATIONAL STANDARDS OF HEALTH SERVICE DELIVERY AND RESEARCH.

Ali Fatima Hospital, Lahore

Ali Fatima Hospital (AFH) is a Madina Foundation welfare project that began in 2017 with the goal of providing low-cost health care to the people of Lahore and the surrounding areas. The Hospital is a Non-Profit Organization, as defined by Section 2(36) of the Income Tax Ordinance of 2001. PM&DC has recognized Ali Fatimah Hospital as a teaching hospital attached with Abu Umara Medical and Dental College. AFH is registered with Punjab Healthcare Commission (PHC) and ISO 9001:2015 certified. Ali Fatima hospital (AFH) is a 650 bedded tertiary care hospital located at Raiwind Road, Lahore to address the need of the community as well as to provide training facilities for medical and paramedical personnel. The target population, in general, belongs to a low socio-economic group in and around Lahore with a population of about 30 million.

AFH is fully equipped with the latest diagnostic facilities including Medical Laboratory and radiology (Ultrasound, Doppler, CT Scan, Mammography, MRI, and Angio-suit). A highly qualified team of doctors and Nursing / Paramedical is working 24/7 to deliver efficient and effective healthcare facilities.

Aside from nearly full occupancy of beds indoors, more than 1100 patients benefit from the

outdoors on a daily basis. The OPD is housed in a fully constructed, air-conditioned structure. Outdoor services are provided by both on-call consultants and visiting consultants. Internal Medicine, General Surgery, Gynecology and obstetrics, Eye, ENT, Nephrology, Urology, Dermatology, Psychiatry, Dental & Maxillofacial Surgery, Physiotherapy, and Nutrition are among the fields that offer outpatient treatments. In the OPD, there is also the option of collecting lab samples on the spot. Outpatient services are provided to patients at no cost.

Free medicines are given to the poor and needy patients.

VISION OF TRANSFORMATION CHAIRMAN'S PERSPECTIVE

Dear Aspiring Physicians,

On behalf of the Board of Governors, it is my pleasure to welcome you to Abu Umara Medical and Dental College, a constituent college of Green International University.

AUMDC represents our commitment to building a modern institution for the future of medicine, one that brings together academic excellence, clinical training, research, technology, and a deep sense of responsibility to society. Our aim is not simply to prepare students for professional examinations, but to develop confident, capable, and compassionate doctors and dental surgeons equipped to contribute meaningfully to a rapidly changing world.

As part of Green International University, AUMDC is connected to a broader vision of education that values innovation, interdisciplinary learning, international engagement, and real world impact. We want our students to learn beyond the classroom, to question and explore, to embrace emerging technologies and new approaches to healthcare, and to develop the leadership qualities required to shape the future of their professions.

Medicine demands more than knowledge; it requires integrity, discipline, empathy, critical thinking, and a lifelong commitment to learning. At AUMDC, we are committed to creating an environment in which these qualities are developed alongside strong academic and clinical foundations.

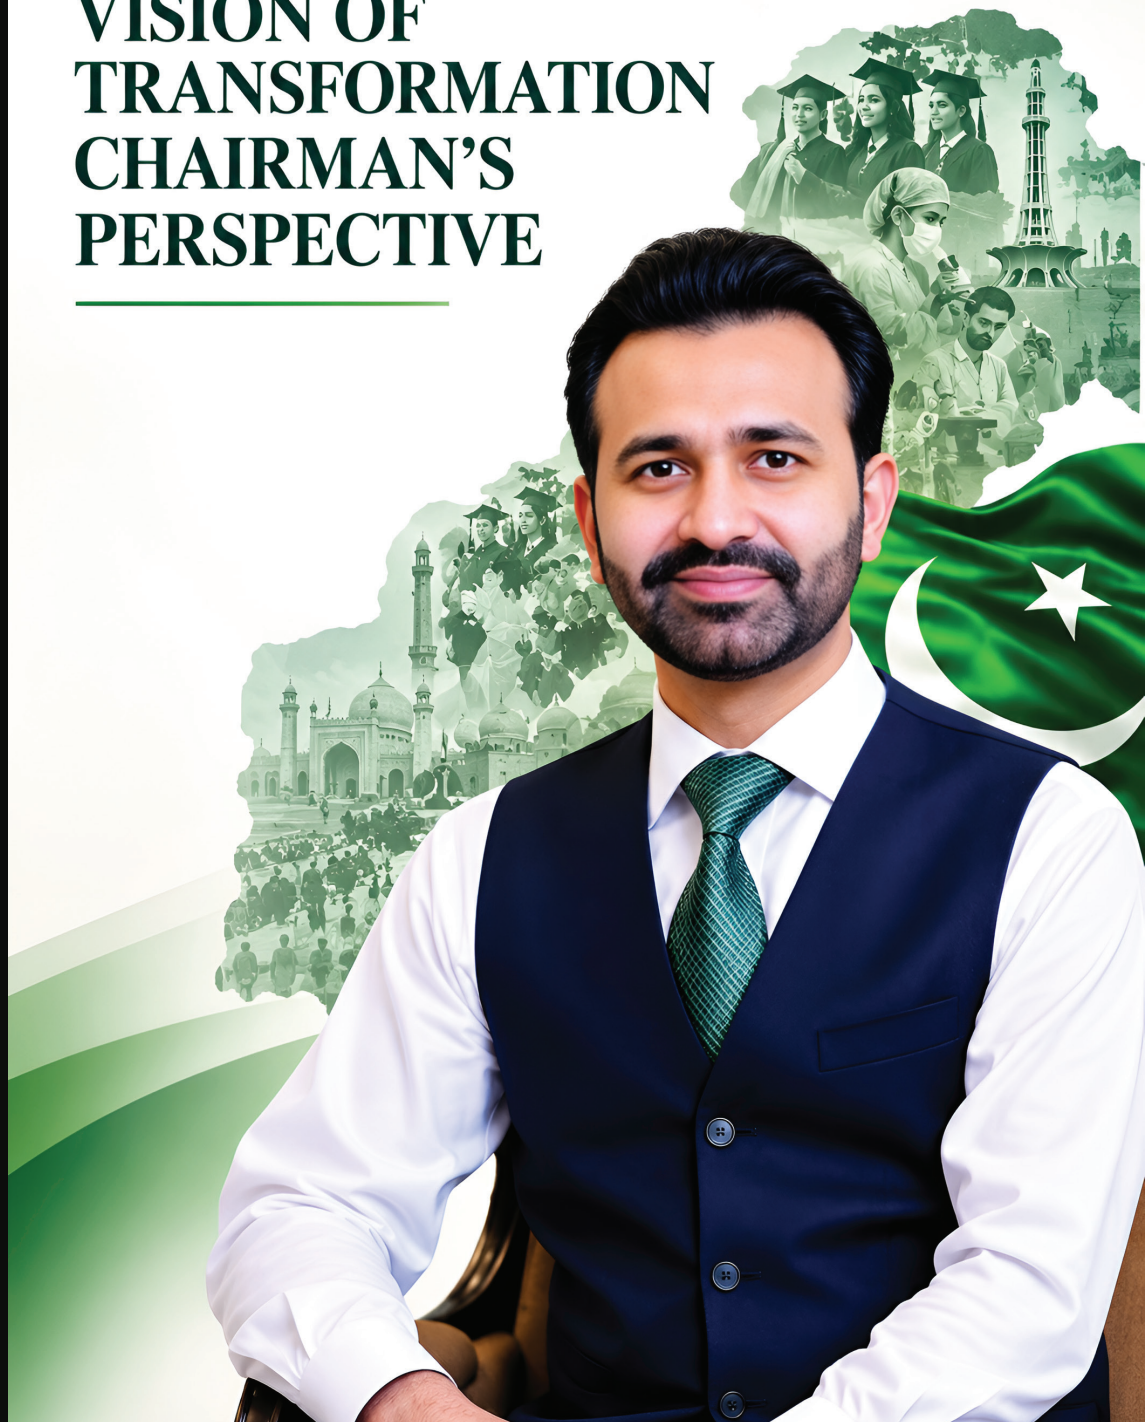

As Chairman of the Board of Governors, I am committed to ensuring that AUMDC continues to advance its academic and clinical standards, strengthen its institutional partnerships, invest in contemporary learning environments, and provide our students with opportunities that prepare them for both national service and an increasingly global profession.

To every student beginning this journey, I encourage you to be ambitious in what you learn, curious about what is possible, and conscious of the responsibility that comes with being entrusted with another person's health and wellbeing. Your years at AUMDC should not only prepare you for a career; they should help shape the professional and the person you aspire to become.

I welcome you to AUMDC and wish you every success in the journey ahead. I look forward to seeing you grow into the physicians and dental surgeons who will help shape the future of healthcare

Medical Excellence, Compassionate Impact

It gives me great pleasure to welcome you to Abu Umara Medical and Dental College (AUMDC), an institution committed to educating and developing the next generation of competent, compassionate, and ethical doctors.

At AUMDC, we believe that medical education is about much more than acquiring knowledge and earning a degree. It is about developing the skills, values, judgement, and sense of responsibility required to serve humanity. Our MBBS programme is designed to provide students with a strong foundation in medical sciences, meaningful clinical exposure, and opportunities to develop critical thinking, professionalism, communication, and lifelong learning.

With dedicated faculty, a supportive academic environment, and a strong emphasis on both academic and clinical excellence, we aim to prepare our students for the rapidly evolving demands of modern healthcare. We also encourage our students to embrace research, innovation, teamwork, and community service as essential elements of their development as future physicians.

To our prospective students, I extend a warm welcome. The journey of becoming a doctor is demanding, but it is also one of the most meaningful and rewarding paths one can choose. I encourage you to approach this journey with curiosity, discipline, integrity, and compassion.

I wish you every success and look forward to seeing you grow into skilled physicians, responsible professionals, and healthcare leaders who make a positive difference in the lives of their patients and communities.

GLOBAL VISION & MEDICAL EXCELLENCE – RECTOR'S PERSPECTIVE

"Message from Rector, GIU"

Abu Umara Medical and Dental College is a constituent institution of Green International University. It is my great pleasure, as Rector of Green International University, to extend my warmest greetings and best wishes to all new students joining AUMDC.

At Green International University, we believe that education is a transformative journey that shapes not only professional careers but also character, values, and a sense of responsibility towards society. Medical education carries an even greater responsibility, as it prepares individuals entrusted with the precious lives and well-being of others.

I encourage our students to pursue knowledge with dedication, uphold the highest standards of professionalism and ethics, and develop a spirit of compassion, service, and lifelong learning.

I am confident that your journey at Abu Umara Medical and Dental College will be enriching, rewarding, and full of opportunities for growth and excellence. I wish all our new students every success in their academic and professional endeavours.

Prof. Dr. Mubbsher Munawar Khan
Rector, GIU

KNOWLEDGE WITH PURPOSE, CARE WITH COMPASSION

“Message from Principal, AUMDC”

It is my privilege to welcome you to Abu Umara Medical & Dental College, Lahore, an institution committed to excellence in medical and dental education and the development of competent, compassionate, and ethical healthcare professionals.

At AUMDC, we believe that medical education goes beyond textbooks and examinations. It is about developing clinical competence, critical thinking, professional integrity, leadership, and compassion for humanity. Through quality education, dedicated faculty, clinical exposure, research, and a strong culture of professionalism, we strive to provide our students with the foundation they need to excel in their careers.

Our vision is to nurture graduates who are knowledgeable, confident, responsible, and committed to lifelong learning and service to society.

I invite aspiring doctors and dentists to join us on this journey of learning, excellence, and service, and become part of a community dedicated to shaping the future of healthcare.

Prof. Dr. Nazim Hayat
Principal & Professor & Head of Surgery
Abu Umara Medical & Dental College, Lahore

WHERE CARE MEETS INNOVATION, EXCELLENCE DRIVES IMPACT

“Message from MS, Ali Fatima Hospital, Lahore”

I welcome you to Ali Fatima Hospital (AFH), a 650-bed tertiary-care institution committed to excellence in patient care, education, research, innovation, and technology-enabled healthcare.

At AFH, we believe that excellence in healthcare extends beyond clinical services. It is built upon a strong culture of learning, inquiry, professionalism, compassion, and continuous improvement. As a teaching and learning environment, we provide students and healthcare professionals with meaningful clinical exposure, multidisciplinary interaction, and opportunities to translate knowledge into competent and ethical practice.

Our commitment to research and innovation reflects our vision of a healthcare institution that continually learns and evolves. We encourage evidence-based practice, quality improvement, and scholarly inquiry to generate knowledge that can be translated into safer, more efficient, and more patient-centred healthcare.

AFH is also embracing the opportunities presented by digital transformation. Our integrated Hospital Information Management System (HIMS) strengthens clinical documentation, information management, patient safety, service efficiency, and evidence-informed decision-making, providing an important foundation for the healthcare systems and education of the future.

Through the integration of clinical excellence, education, research, and technology, we aspire to nurture healthcare professionals who are competent, compassionate, innovative, and prepared to meet the changing needs of society.

Our vision is to build an institution where learning drives excellence, research inspires innovation, technology enables better care, and every effort remains centred on the patient.

I warmly welcome you to AFH and invite you to become part of an institution dedicated to learning, serving, discovering, and leading the future of healthcare.

Dr Dimple Mustafa
Medical Superintendent

Prof. Dr. Sobia Niaz

HOD Physiology Department, AUMDC

The Physiology Department at Abu Umara Medical & Dental College is a well-equipped and committed unit dedicated to educating undergraduate MBBS students about the normal functioning of the human body. The department is led by Prof. Dr. Sobia Niaz, MBBS, DCH, and MPhil, a distinguished academic and PhD scholar. With over 15 years of experience in undergraduate medical education at various private and public medical colleges, Prof. Sobia Niaz has made significant contributions to medical teaching and curriculum development. She has served as a member of the UHS Modular Curriculum Development Committee for Physiology, playing a key role in advancing medical education. Her academic and research credentials include multiple publications in national and international journals with impact factors. Additionally, she has fulfilled her responsibilities as an examiner and paper setter for the MBBS and Allied Health Sciences exams at the University of Health Sciences (UHS) Lahore, showcasing her expertise and commitment to upholding high standards in medical education and assessment.

Dr. Shumaila Kanwal

Assistant Professor
Department of Pharmacology

Dr. Shumaila Kanwal is an Assistant Professor of Pharmacology at Abu Umara Medical and Dental College (AUMDC).
She is dedicated to teaching pharmacology and promoting evidence-based medical education.
Her professional interests include pharmacological research, clinical applications of drugs, and advancing students' knowledge and skills in medical sciences.

Dr. Muhammad Moeed Haidar Naqvi

Assistant Professor
Director, Department of Medical Education
Abu Umara Medical & Dental College

At Abu Umara Medical & Dental College, we believe medical education goes beyond knowledge, it develops competent, compassionate, confident, and lifelong learners prepared to serve patients and society.
The Department of Medical Education promotes a student-centered and engaging learning environment through interactive teaching, problem-based learning, clinical and practical training, small-group discussions, skills development, and continuous feedback.
We recognize that every student learns differently. Our approach encourages critical thinking, collaboration, clinical problem-solving, and active participation while helping students build confidence and take responsibility for their learning.
At AUMDC, we are committed to academic excellence, continuous improvement, and preparing future healthcare professionals to meet the evolving demands of healthcare.
Welcome to AUMDC, where learning, growth, professionalism, and excellence come together.

Dr. Imran Hussain

MBBS. BSc. MCPS. CHPE

Head of Forensic Medicine, AUMDC

At Abu Umara Medical and Dental College, our aim is to provide students with a strong foundation in medical knowledge, professional ethics, and compassionate patient care. We are committed to developing competent, confident, and responsible doctors who uphold the highest standards of professionalism and service to humanity.

Through dedicated faculty, quality education, practical learning, and a supportive academic environment, we strive to prepare our students for a successful and meaningful career in medicine.

Dr. Nadeem Raza

Department Of Community Medicine

The true measure of a physician is not how many lives we treat, but how many lives we make healthier. May your knowledge be guided by wisdom, your profession by compassion, and your service by purpose. Heal with skill, serve with humility, and leave the world healthier than you found it.

COMMENCEMENT OF CLINICAL TRAINING

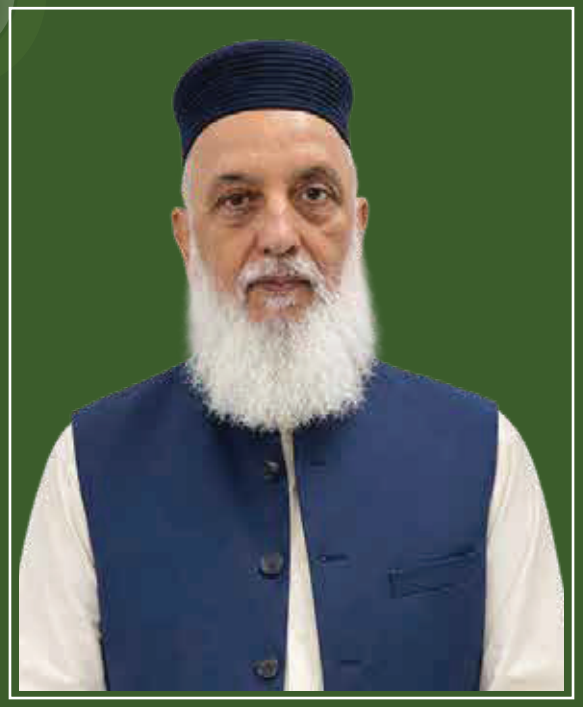

Prof. Dr. Amir Iqbal
MBBS, FCPS (Medicine)
Head, Department of Medicine AUMDC/AFH

At Abu Umara Medical and Dental College, Lahore, we believe that excellence in healthcare begins with quality education, strong clinical training, and a commitment to serving humanity.

Our dedicated faculty strives to develop students into knowledgeable, skilled, ethical, and compassionate healthcare professionals. With 20 years of undergraduate and postgraduate teaching experience, I am proud to be part of an institution committed to academic excellence and meaningful clinical learning through Ali Fatima Hospital, Lahore.

Our academic and professional strengths include extensive undergraduate and postgraduate teaching experience, Clinical training and exposure through Ali Fatima Hospital, Lahore, Multiple publications in national medical journals, Experience as examiner and paper setter for undergraduate MBBS examinations, Supervision, examination, and paper-setting responsibilities for FCPS postgraduate residents, A strong emphasis on ethical, evidence-based, and patient-centred medical practice

I warmly welcome our prospective students and wish them a successful and fulfilling journey toward a bright future in healthcare.

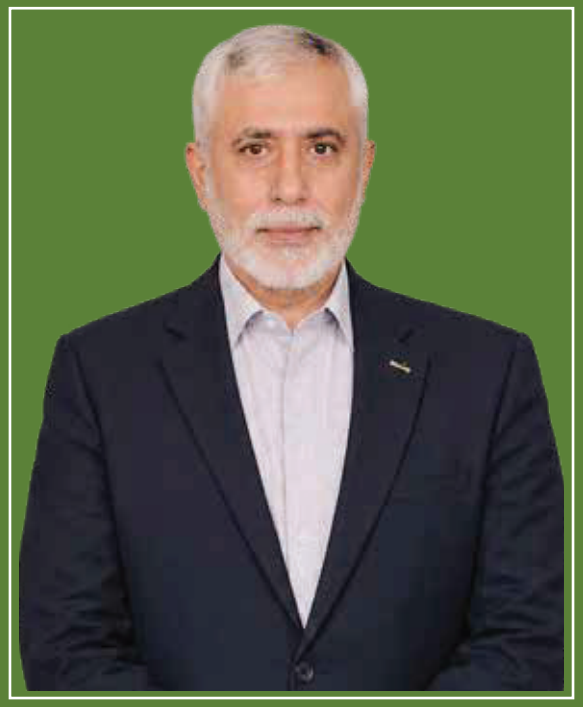

Prof. Dr. Muhammad Azam Bokhari
(MCPS, MSc, FCPS)
Head Department of Dermatology

The Department of Dermatology is committed to providing high-quality patient care, postgraduate training, academic teaching, research, and community healthcare services. Established in July 2023, the department is led by Prof. Dr. Muhammad Azam Bokhari, Head of Department, with Dr. Maryam Khalil serving as Senior Registrar.

The department is recognized by the College of Physicians and Surgeons Pakistan (CPSP) for MCPS training since July 2024 and FCPS training since January 2026. Currently, 8 trainees, including 5 FCPS and 3 MCPS trainees, receive structured clinical training, hands-on experience, academic teaching, case discussions, seminars, journal clubs, and research opportunities.

The department also contributes to community healthcare through monthly free medical camps, offering consultation, treatment, and health education. In addition, it provides advanced aesthetic services including laser treatments, microneedling, PRP for face and hair, and HydraFacial under qualified faculty and trained staff.

Through clinical excellence, education, research, and community service, the department continues to strive as a centre of excellence in dermatology.

Prof. Dr. Najam ul Hassan Khan
Head Department of ENT and Head & Neck Surgery
Deputy Dean Postgraduate Residency Program AUMDC/AFH

The Department of Otorhinolaryngology (ENT) at Ali Fatima Hospital, affiliated with Abu Umara Medical & Dental College, Lahore, provides comprehensive patient care, medical education, clinical training, and postgraduate teaching.

The department offers 24/7 emergency services, outpatient and inpatient care, advanced audiological facilities, and specialized ENT surgical services, including endoscopic sinus surgery, microscopic ear surgery, bronchoscopy, and esophagoscopy.

A strong academic environment is maintained through clinical teaching, ward rounds, case discussions, OSPE training, surgical exposure, journal clubs, and research activities. The department is committed to developing competent and safe doctors through evidence-based teaching, hands-on clinical training, and excellence in patient care.

Prof. Dr. Abdus Sami Qazi

MBBS, DMRT, MCPS (Radiology)
Head Department of Radiology

The Department of Radiology provides round-the-clock diagnostic and interventional services, equipped with modern imaging technology including a 1.5 Tesla MRI, 128-slice CT scanner, Colour Doppler Ultrasound, X-ray, Mammography, Fluoroscopy, and Angiography facilities. These services enable comprehensive radiological investigations under one roof, supported by experienced faculty led by Professor Dr. Abdus Sami Qazi.

The department maintains a supportive academic environment with access to updated resources and internet facilities to promote continuous learning and improved reporting practices.

Our teaching methodology emphasizes practical and interactive learning. MBBS students receive structured training and assessments, while MIT students are given opportunities to observe procedures directly on advanced equipment, participate in live demonstrations, and engage in interactive discussions.

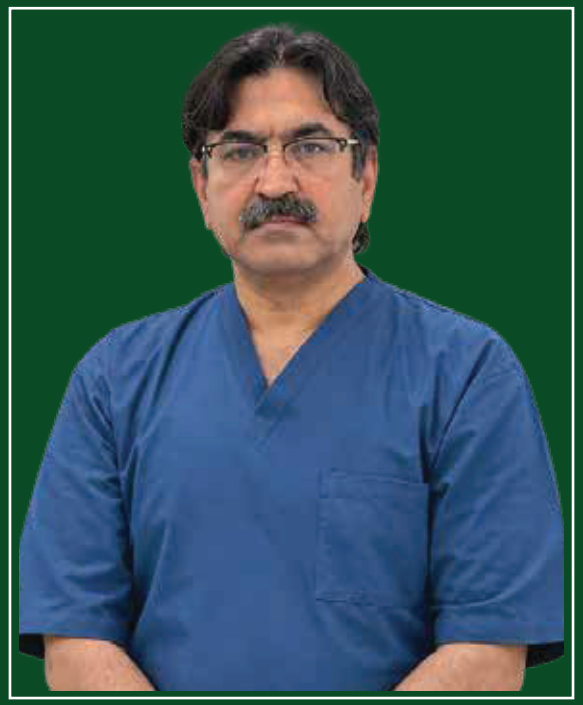

The department also provides postgraduate training in Radiology for FCPS and MCPS trainees, supported by experienced faculty and CPSP fellows, fostering professional development and clinical excellence.

Prof. Dr. Zubair Saleem

MBBS. FCPS (Ophthalmology)
Head of Ophthalmology

Professor Dr. Zubair Saleem (HOD Ophthalmology) is a distinguished clinician and mentor in the field of Ophthalmology with extensive experience in undergraduate and postgraduate medical education, clinical practice, and research. Having served for over 30 years in renowned public-sector medical institutions, he has a vast surgical experience in his speciality, with special interest in oculoplasties. With a strong commitment to academic excellence and patient-centred care, Professor Zubair plays an important role in nurturing the next generation of medical professionals. The Department of Ophthalmology offers state-of-the-art eye care to the public. Under his leadership, the department strives to combine modern ophthalmic practices while providing a strong foundation for students to meet the evolving challenges of eye care with competence and integrity.

Prof. Dr. Khizar Hayat Gondal

MBBS. FCPS (UROLOGY)

Head of Urology Department

The Department of Urology, led by Prof. Khizar Hayat Gondal Consultant Urological and Laparoscopic Surgery, has been an integral part of the institution since the establishment of the medical college. The department is committed to providing quality patient care, undergraduate clinical teaching, and postgraduate training in Urology.

The department is recognized by the College of Physicians and Surgeons Pakistan (CPSP) for FCPS Part-II training in Urology.

A comprehensive range of endourological, minimally invasive, and open surgical procedures is offered, including TURP, TURBT, litholapaxy, visual internal urethrotomy, ureteroscopy, pyelolithotomy, pyeloplasty, PCNL, and laparoscopic nephrectomy.

With the vision and support of Mian Hanif Sahib, Chief Executive, in collaboration with Principal Prof. Nazim Hayat and MS Dr. Dimple Mustafa, the department aims to further expand its services with the introduction of laser urology in the future.

Prof. Dr. Samina Khurshid

MBBS. FCPS (OBGYN). CHPE

Head of Department, Obstetrics & Gynaecology

It is my great pleasure to welcome you to the noble and rewarding profession of medicine.

Medical education is not merely the acquisition of knowledge; it is a journey of developing competence, compassion, integrity, and a commitment to serving humanity. As future doctors, you will have the privilege and responsibility of caring for people at some of the most important moments of their lives.

Our Department of Obstetrics & Gynaecology is committed to providing students with a strong foundation in clinical knowledge, practical skills, ethical practice, and patient-centred care. We encourage our students to remain curious, think critically, communicate respectfully, and embrace lifelong learning.

I believe that every student has the potential to make a meaningful difference in the lives of others. With dedication, discipline, empathy, and perseverance, you can grow into a confident, skilled, and compassionate physician.

Welcome to the journey of becoming a doctor. May your years of learning be fulfilling, inspiring, and the foundation of a successful career dedicated to humanity.

Dr. Samar Afreen

Associate Professor

MBBS, FCPS (Cardiology) Consultant Interventional Cardiology

Head Department of Cardiology

Dr. Samar Afreen is a graduate of Faisalabad Medical University, and completed his FCPS in Cardiology from the Punjab institute of Cardiology Lahore where he performed more than 2,000 diagnostic and therapeutic coronary procedures as Primary Operator. In September 2021, he joined Abu Umara Medical and Dental College as teaching faculty and pioneered the establishment of cardiac catheterization services at its affiliated Ali Fatima Hospital, where he now serves as Associate Professor of Cardiology and Consultant Interventional Cardiologist, having performed more than 850 further diagnostic and therapeutic coronary procedures. He is actively engaged in curriculum development and the teaching and training of undergraduate medical students, and has authored or co-authored numerous peer-reviewed research articles in the field of cardiovascular disease.

Dr. Usman Zeeshan

Associate Professor

MBBS. FCPS (ANAESTHESIA)

Head Department of Anaesthesia

The Department of Anaesthesia at Ali Fatima Hospital is a clinical and academic department providing safe and effective anaesthetic care across a wide range of surgical specialties. The department supports major and minor elective and emergency procedures and is equipped to provide general anaesthesia, regional and neuraxial anaesthesia, monitored anaesthesia care, airway management, resuscitation and perioperative critical care. Alongside providing anaesthesia for general cases, the department specializes in providing anaesthesia care for transplant procedures, cardiac surgery, neurosurgery, labour anaesthesia and pain management. As part of a teaching hospital, the department plays an important role in undergraduate and postgraduate teaching, clinical training, simulation and continuing professional development, while promoting evidence-based practice, patient safety, multidisciplinary teamwork. Its overall aim is to deliver high-quality, safe and compassionate perioperative care while contributing to the education and development of future healthcare professionals.

Dr. Muhammad Mohsin Riaz
Associate Professor
MBBS. FCPS (NEPHROLOGY)
Head Department of Nephrology

Dr. Muhammad Mohsin Riaz, MBBS, FCPS-Nephrology, ISN-Fellow (Interventional Nephrology & Peritoneal Dialysis), is Associate Professor and head of Nephrology Department at Abu Umara Medical & Dental College. He is a young energetic fellow with a keen interest in Interventional Nephrology and Peritoneal Dialysis. He did his MBBS from Punjab Medical College, Faisalabad and got his FCPS in the field of Nephrology from College of Physicians and Surgeons, Pakistan (CPSP). After getting highest degree in the field of Nephrology from Pakistan he went abroad and got fellowship in Interventional Nephrology and Peritoneal Dialysis from Peking University, Beijing. The Peking University ranks first in China and Asia Pacific. He has an honor of establishing first ever dedicated unit of Peritoneal Dialysis in Pakistan. He's also the founding member of the "Peritoneal Dialysis academy of Pakistan." He has conducted various hands-on workshops on Peritoneal dialysis. He is amongst the handful of Nephrologists in Pakistan who are skilled in Interventional Nephrology. He has 13 publications, both local and international, under his credit.

Dr. Asif Islam
Assistant Professor
MBBS. FCPS (RHEUMATOLOGY)
Head Department of Rheumatology

A Message to Future Healthcare Professionals:

Medicine is more than a profession—it is a commitment to knowledge, compassion, integrity, and service to humanity. As you begin your MBBS journey, embrace every opportunity to learn, ask questions, think critically, and develop the values that define a great doctor.

Your years at medical college will challenge you, shape your character, and prepare you for a lifetime of responsibility. Strive not only to become a competent physician, but also a compassionate human being who can make a meaningful difference in the lives of patients and communities.

Dream big, work with dedication, remain humble, and never stop learning. The future of healthcare is in your hands.

Dr. Faisal Javed

Assistant Professor

MBBS, MCPS(PK), MRCPCH (UK), FRCPCH (UK)

Head, of Paediatrics Department

It is with great pleasure and responsibility that I welcome you to the Department of Paediatrics at Abu Umara Medical & Dental College.

Paediatrics is dedicated to the comprehensive health and well-being of infants, children, and adolescents. Our department is committed to developing competent, compassionate, and research-oriented physicians who are dedicated to improving child healthcare.

Our vision is to serve as a centre of excellence in paediatric education, research, and healthcare. We aim to provide quality medical education, evidence-based patient care, and actively contribute to national health programs.

The department offers a comprehensive learning and clinical environment with round-the-clock paediatric emergency services, a Neonatal ICU, High Dependency Unit, outpatient facilities, and a dedicated paediatric ward. Students gain exposure to a wide range of cases, from healthy newborns to critically ill children.

We warmly welcome you to our department and look forward to supporting your journey toward becoming skilled, compassionate, and responsible healthcare professionals.

Dr. Abdur Rahman

Assistant Professor

MBBS FCPS (PULMONOLOGY)

Head Of Department Pulmonology

Medicine is more than a profession; it is a responsibility toward humanity. The Qur'an reminds us: "Whoever saves one life, it is as if he has saved all mankind." (Qur'an 5:32).

In Pulmonology, every breath reminds us of the value of life. Our role is not only to cure disease, but also to relieve suffering, restore hope, and provide compassionate care when cure is not possible.

To our future physicians: pursue excellence, think critically, seek evidence, and remain humble and curious. Let your knowledge be guided by compassion and your practice by integrity.

As the Prophet Muhammad ﷺ said: "Allah loves that when any of you performs a task, he does it with excellence."

Dr. Muhammad Waqas

Assistant Professor

MBBS. FCPS (ORTHOPAEDICS)

Head of department Orthopaedics and Traumatology

Dr. Muhammad Waqas is a graduate of Dow Medical College Karachi. He did his FCPS Orthopaedics CPSP in 2018. Then he did 1-year fellow ship in hand surgery from HULS CMH Lahore. He has been involved in undergraduate, and post graduate medical teaching for last 8 years. Since 2020, he is working as a faculty at AUMDC/ AFH, working and leading orthopaedic and traumatology department, performing surgeries and doing out patient department. He has multiple paper presentation and publications at local and international venues.

Dr. Afia Munir

Assistant Professor

MBBS. FCPS (GASTROENTEROLOGY)

Head Department of Gastroenterology

At Ali Fatima Hospital (AFH), Dr. Afia Munir serves as an Assistant Professor of Gastroenterology in the Department of Gastroenterology, providing comprehensive care for patients with digestive and liver-related disorders. Working within the clinical and academic environment of Ali Fatima Teaching Hospital, she evaluates and manages a wide spectrum of gastrointestinal conditions, ranging from common digestive complaints to complex referral cases.

Her clinical practice emphasizes accurate diagnosis, evidence-based treatment, and structured patient follow-up. Patients visiting AFH for gastroenterology consultation benefit from a careful, step-by-step approach focused on long-term digestive health and patient safety.

Dr. Syed Salman Raza Jaffery

Assistant Professor

B.Sc. (Pb.), M.B.B.S. (K.E.M.C.), M.S. Neurosurgery

(LGH-PGMI-UHS) Gold Medallist.

Consultant Neurosurgeon and

Head of the Department of Neurosurgery

ALI FATIMA Hospital / AUMDC / GIU Lahore

To be a doctor is a unique honour as the doctors treat human beings-The Creature of ALLAH. Service of humanity is one of the sources of inspiration for becoming a doctor and is the honour and privilege that keeps the medical profession one of the most dignified and prestigious professions on earth. Healthcare can never be an industry and should never be called as an industry as we, the doctors treat mankind, not machines.

Neurosurgery is the Specialty that makes a hospital a Tertiary Healthcare Centre anywhere in the world.

As The Head of the Department of Neurosurgery, ALI FATIMA Hospital/AUMDC/GIU Lahore, I would like to welcome you who are the true Ambassadors of the Nation in the world, on the Horizon of this sacred profession and wish you all the best to keep protected the legacy of your esteemed forefathers and maintain and amplify the glory of this marvellous profession following the footprints of your great seniors.

Wishing you all the best.

Dr. Samreen Fatima

Assistant Professor

MBBS. FCPS (PSYCHIATRY)

Head Department of Psychiatry

Having a healthy self image and optimistic view of the outside world, guarantees, if not absolutely, success in overcoming this life's storms and achieving what we desired and meant to achieve. We, at Department of Psychiatry and Behavioural sciences vows to help you achieve that.

Dr. Shazia Sumrin

MBBS. FCPS (NEUROLOGY)
Head Department of Neurology

Dr. Shazia Sumrin, Consultant Neurologist, with more than 15 years of experience in the field of Neurology, having worked in leading institutions in Pakistan and Saudi Arabia. To all aspiring MBBS students, remember that Neurology is a fascinating field that requires dedication, clinical reasoning, continuous learning, and compassion. Make the most of your MBBS journey, stay focused on your goals, and keep learning with curiosity. Your hard work today will shape the doctor and neurologist you become tomorrow.

Dr. Aneela Urooj

MBBS, MCPS (FAMILY MEDICINE)
Head Department of Family Medicine

The Department of Family Medicine at Abu Umara Medical and Dental College is committed to nurturing compassionate, competent, and community-oriented physicians. STUDENT SOCIETIES AT AUMDC

Discover Your Passion, Unleash Your Potential

At Abu Umara Medical & Dental College (AUMDC), our student societies provide opportunities to explore creativity, develop leadership skills, and build lasting connections beyond academics. From the spiritual expression of the Qiraat & Naat Society to the literary world of the Literary Society, the confidence-building platform of the Debate Society, the creativity of the Dramatics Society, the organizational skills of the Events & Management Society, and the teamwork of the Sports Society, every student can discover their passion and contribute to a vibrant campus life.

Eight Societies. One Community. Endless Opportunities!

MEDFEST 2026
A CELEBRATION OF TALENT, CREATIVITY & STUDENT EXCELLENCE

The Annual MEDFEST 2026 at Abu Umara Medical & Dental College (AUMDC) was a vibrant celebration of student talent, creativity, collaboration, and extracurricular excellence. Organized around the spirit of holistic development, the three-day festival provided students with a dynamic platform to explore their interests, express their abilities, and participate in activities beyond their academic and clinical commitments.

Featuring six student societies — Qiraat & Naat Society, Literary Society, Debate Society, Dramatics Society, Events & Management Society, and Sports Society, MEDFEST brought together a diverse range of interests, highlighting the many dimensions of student life at AUMDC. From spiritual expression and literary creativity to intellectual discussions, theatrical performances, event coordination, and sportsmanship, the festival encouraged students to discover their potential and showcase their individual strengths.

The first two days reflected an energetic atmosphere of participation, with students demonstrating confidence, sharing ideas, engaging in performances, and expressing their artistic and intellectual abilities. These experiences provided opportunities to strengthen communication, teamwork, leadership, and interpersonal skills while fostering friendships and a stronger sense of community among students.

Beyond entertainment, MEDFEST 2026 represented AUMDC's commitment to nurturing well-rounded future healthcare professionals who combine academic knowledge with creativity, empathy, discipline, and leadership. By encouraging participation in diverse extracurricular activities, the festival contributed to a lively and inclusive campus environment where students could learn, collaborate, and grow together.

MEDFEST 2026 celebrated the spirit of unity in diversity, demonstrating that medical education extends beyond classrooms and laboratories to include personal growth, cultural expression, and shared experiences.

Eight Societies.* *One Festival.

Different Talents.* *One AUMDC.

Abu Umara Medical & Dental College at Health & Education Summit Pakistan 2026

Abu Umara Medical & Dental College (AUMDC) proudly participated in the Health & Education Summit Pakistan (HESP) 2026, held at Expo Centre Lahore under the theme "Policy, Progress, Partnership." The summit brought together national and international leaders, policymakers, healthcare professionals, educators, and institutional representatives to exchange ideas and explore opportunities for collaboration in healthcare and education.

Representing AUMDC, the delegation was led by Dr. Muhammad Hamza Amin, Deputy Chairman, alongside Dr. Nazim Hayat, Principal, Abu Umara Medical & Dental College; Dr. Humaira, Coordinator Administration; and the dedicated AUMDC team. During the two-day event, AUMDC had the honour of welcoming distinguished guests to its booth, including Dr. Musadik Malik, Federal Minister for Climate Change; Qasim Ali Shah, renowned educator and motivational speaker; Prof. Dr. Rashid Latif Khan, Chairman, Hameed Latif Hospital and Vice Chancellor, Rashid Latif Khan University; Dr. Sabahat Khan, Director, Hameed Latif Hospital; and Dr. Kemal Aydin, gerontologist from Türkiye. Souvenirs were presented to the esteemed guests as tokens of appreciation, reflecting the college's commitment to professional engagement and meaningful institutional relationships.

AUMDC's participation in HESP 2026 provided a valuable platform to strengthen professional networks, engage with leading figures from the healthcare and education sectors, and contribute to discussions on the future of medical education. The college's presence reaffirmed its commitment to academic excellence, institutional collaboration, and the development of healthcare professionals equipped to meet evolving national and global healthcare needs.
